President's Corner:

Well "Go Make A Difference" is what we did..... From one small voice to many I want to thank each and everyone of you again for all that you gave and shared. It was great seeing you all again and meeting those we just had met virtually.

Patti, Holly and Lindsay (Lacey) welcome to our team. We are so happy to have you on the Board. Sharing fellowship made the evening more special.

Sandi, Sharon and Sue, the competitions were amazing. I was in awe with all the student's E-Posters, Essay and Scholar Bowl participation. It affirmed we are in good hands with our future radiographers. I would also like to express how proud I was of all the students with their professional behavior. There were no problems noted.

Cathie, the Silent Auction was a great success. Thanks for all you gave and shared.

Patti and Holly, WOW! You two are the team. You both did make a big difference. I can not thank you enough for all the communications you sent out and displayed on social media. The Social Media Challenge was a great success.

Ed, your help with registration made things go so smoothly. We appreciate all you did in the background.

Tim, where do I begin to tell you how much I appreciated all the guidance and help you gave me. You are our rock and we build the ISSRT off of your knowledge, guidance and care. With heartfelt appreciation I say thanks for everything you did for me and the conference.

Kaitlyn, your team made the conference run without any issues. We were moved by their dedication to not only the DoubleTree but to the guests of the DoubleTree. Nancy was our guardian angel who watched over us from the time we arrived till the moment we said good-bye. AJ was so helpful in the set up and food menu. Thanks to all that was there to assist us when we needed the help. Your team is what made us want to return in 2023.

Thanks again to everyone. I pray I didn't miss anyone if I did know that I truly appreciated everything. Looking forward now to going down the path of 2022-2023 knowing "We can Make A Difference".....

In friendship,
Pat Murphy
ISSRT President

CE Delivery Directed Readings

On behalf of ASRT, we would like to share this important information:

Hi Everyone,

Based on the results of the recent survey and comments from members, ASRT has developed a solution to provide printed Directed Readings again starting this summer at no additional cost. We have a few remaining details to sort out, and plan to formally announce this option on **Monday, May 9**. We will be posting this announcement in all ASRT Communities and as a news item on the ASRT website, as well as sending an email to all members.

Thank you for your patience as we've worked to find a solution to suit all our members' CE needs.
